Hire a tutor

 **Experienced Tutor | Aalto University | MSc in Software Engineering**

With an MSc in Software Engineering from Aalto University and a BSc in Computer Science from the University of Helsinki, I bring 10 years of teaching experience in AP Computer Science, IB Computer Science, and IGCSE ICT. My areas of expertise include Python, Java, web development, and robotics.

Teaches: AP Computer Science IB Computer Science IGCSE Computer Science

Curriculum: AP IB IGCSE

Qualifications

Aalto University: MSc in Software Engineering (2011–2013)

University of Helsinki: BSc in Computer Science (2007–2011)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

For the past decade, I've been working with students from diverse educational backgrounds, guiding them through AP Computer Science courses, IB Computer Science, and IGCSE ICT. I have supported students in mastering programming languages like Python, Java, and C++, enabling them to achieve excellent results in exams and projects.

Beyond one-on-one tutoring, I've organised coding workshops for high school students and STEM-focused clubs, where I introduced concepts like robotics and web development. This hands-on experience has allowed students to connect theory with practice, building confidence and creativity in technology applications.

My teaching journey has also included mentoring students for university-level courses and competitive coding events. By focusing on skill development and problem-solving techniques, I've helped students prepare for challenging academic paths and careers in the tech industry.
