 **Experienced Tutor | ETH Zurich | MSc in Biological Sciences**

I earned an MSc in Biological Sciences from ETH Zurich and a BSc in Molecular Biology from the University of Basel. Over 11 years, I've guided students in AP Biology, IB Biology (SL and HL), and IGCSE Biology, leading to outstanding academic success.

Teaches: AP Biology IB Biology A-Level Biology IGCSE Biology

Curriculum: AP IB A-Level IGCSE

Qualifications

ETH Zurich: MSc in Biological Sciences (2011–2013)

University of Basel: BSc in Molecular Biology (2007–2011)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

I began tutoring in 2012, focusing on biology across a range of international curricula, including AP, IB, and IGCSE. Over the past 11 years, I have guided students through complex topics like genetics, molecular biology, and biochemistry, ensuring their readiness for competitive exams and university admissions.

Throughout my career, I have supported students from various academic backgrounds and skill levels. From helping AP students achieve perfect scores to mentoring IB learners through their Extended Essays, I've gained extensive experience in delivering tailored lessons that suit individual needs.

My work has extended beyond school-level courses to include undergraduate support. I've helped university students in Switzerland and internationally with molecular biology, advanced biochemistry, and cell biology, ensuring they are equipped for academic success.
