🎓 Experienced Tutor | University of Copenhagen | MSc in Computer Science

I bring 15 years of teaching experience in AP and IB Computer Science, along with IGCSE programming. I hold an MSc in Computer Science from the University of Copenhagen and a BSc in Information Systems from Aarhus University, with expertise in Python, C++, and database management systems.

Teaches: AP Computer Science IB Computer Science IGCSE Computer Science

Curriculum: AP IB IGCSE

Qualifications

University of Copenhagen: MSc in Computer Science (2006–2008)

Aarhus University: BSc in Information Systems (2002–2006)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

Over the last 15 years, I've worked as a lecturer and private tutor, helping students excel in computer science courses ranging from AP and IB to advanced undergraduate topics. My students have consistently achieved top scores in exams, mastering programming languages like Python, C++, and Java, and developing a deep understanding of algorithms and data structures.

In addition to tutoring, I have conducted workshops on database management, web development, and data science for university students and professionals. These experiences have enabled me to provide practical insights and real-world applications for my students, bridging the gap between academic knowledge and industry standards.
