Tutoring Experience

Over the past nine years, I have worked with students from GCSE to AP and A-Level, supporting them in achieving high marks in their exams. My tutoring approach has helped students in AP Biology gain confidence and excel in understanding complex biological concepts, with many progressing to top universities in Europe.

Through my extensive experience, I have successfully prepared students for rigorous exams, ensuring they grasp the essential theories and practical applications required to perform well. My goal is to create a supportive environment that fosters both academic achievement and a deeper appreciation for the sciences.
