Tutoring Experience

For the past 9 years, I've supported students in mastering English Literature, working across AP, IB, and IGCSE curricula. My focus has been on helping students interpret challenging texts, craft compelling essays, and build strong analytical skills. I have guided learners from international schools and private settings in achieving academic excellence.

In addition to AP English Literature, I have worked extensively with IB students, helping them navigate coursework and exam commentaries. My IGCSE experience includes preparing students to understand complex literary themes and develop clear, structured writing. My goal is to inspire confidence in learners, equipping them with the tools they need to succeed.
