🎓 **Qualified Tutor | Princeton University | BSc in Mathematics**

I earned a BSc in Mathematics from Princeton University and have two years of experience teaching IB Mathematics and AP Calculus. I specialise in advanced calculus, guiding students through AP, GCSE, and A-Level Maths. My teaching has helped students achieve top exam scores and build excellent problem-solving abilities.

Qualifications

Princeton University: BSc in Mathematics (2018–2022)

Massachusetts Institute of Technology (MIT): MSc in Applied Mathematics (2022–2024)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

Over the past two years, I've worked closely with high school students preparing for AP Calculus exams and international qualifications like IB and A-Level Maths. My experience includes helping students master core calculus concepts such as integration, derivatives, and limits, as well as supporting them in tackling complex problem-solving scenarios in advanced curricula.
