Experienced Tutor | University of Hong Kong | MSc in Analytical Chemistry

With an MSc in Analytical Chemistry from the University of Hong Kong and a BSc in Chemistry from the Chinese University of Hong Kong, I bring 12 years of experience teaching AP Chemistry, IB Chemistry (SL and HL), and A-Level Chemistry, supporting students worldwide to excel.

Teaches:

AP Chemistry

IB Chemistry

A-Level Chemistry

IGCSE Chemistry

Curriculum:

AP

IB

A-Level

IGCSE

## Qualifications

**University of Hong Kong:** MSc in Analytical Chemistry (2011–2013)

**Chinese University of Hong Kong:** BSc in Chemistry (2007–2011)

## Vetted Tutor

## Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

## Tutoring Experience

I began tutoring Chemistry in 2011, working with students from various educational systems. Over the years, I've focused on advanced courses like AP Chemistry, guiding students through topics such as atomic structure, kinetics, and thermodynamics. My students consistently achieve high marks and gain a deep understanding of key principles.

In addition to AP, I have taught IB Chemistry at both HL and SL levels, supporting students in mastering challenging areas such as equilibrium and organic reactions. My experience also includes A-Level and IGCSE Chemistry, ensuring a comprehensive approach to international curricula.

Through tailored lessons, I've worked with students across Hong Kong and internationally, helping them build confidence and succeed in competitive exams. Many of my students have gone on to study at top universities, equipped with the knowledge and skills developed during our sessions.
